A Real Hazard

Two weeks ago we commented on the excessive use of water by those on the Bay's municipal water system. The seriousness of the situation is brought to light in a news story on Page 1 this week.

According to Commissioner of Utilities J. Cyril Glover our city is using water at more than three times the rate of cities of comparable size. Some of this excess is undoubtedly the result of our increased population during the summer months. Some can be traced to carelessness and inconsideration, and some is due to flagrant and willful violation of the law. In addition, our present long continued dry spell has increased the need, and the responsibility, to water laws and shrubs.

Whatever the reason for the possible water shortage a major disaster in the form of fire could result from the excessive use. Water meters may be the least expensive solution.

Ike Cries

President Dwight Eisenhower's speech Monday night was loudly advertised as a report on his trip to the Far East. As it turned out less than 11 per cent of the free TV time was spent on that episode of his presidency. The rest was spent defending the good will tour idea.

Concerning this most recent good will tour the president had two ideas to convey. It was a success, according to him, and this country shouldn't take any reprisals against Japan because the communists were really responsible for withdrawal of his invitation to visit that country.

With the second of these we entirely concur if only because as a practical matter we know that this country gave its permission for the withdrawal before the Japanese government formally did so.

With the President's assertion that his trip was a success, diplomatically, the Echo takes exception. While Mr. President Eisenhower was cheered where he visited, Japan has more population and more diplomatic importance than the islands visited and this country lost "face" in Japan and in the world at large, something we could hardly afford after the U2 fiasco.

In his speech Monday night our President reminded us of Vice President Richard Nixon's year ending speech in 1952 trying to explain why he hadn't told the public that as a U. S. Senator he was accepting direct and substantial sums from private individuals and businesses.

Our opinion remains: the President of the United States, Dwight Eisenhower, should have exercised the personal courage required to go to Japan rather than the mistaken bravado he sounded off with over the U2 incident.

Lucky Judges

Beauty, Hancock County style, is tomorrow night's theme. Miss Gayle Parker of the Bay will be crowned Queen of the Deep Sea Fishing Rodeo in Gulfport. Nine of the county's pretty and talented girls will compete in the Miss America preliminaries sponsored by the Bay St. Louis Jaycees.

With two consecutive Miss Americas from Mississippi, it's about time Hancock County got in the show, and our Jaycees are to be congratulated for sponsoring the contest in their first year of operation. The Jaycees have given their time and effort. If you want to support a growing city and county you should be at Bay High's anti-race Friday night. We're kind a curious of the judges.

Letter to the Editor

Editor, Sea Coast Echo:

Member of our family came to Bay St. Louis and saw the Echo. He said it was a good paper and that he would like to see it.

Now we all know about the Echo. It is a good paper and that he would like to see it.

Now we all know about the Echo. It is a good paper and that he would like to see it.

Now we all know about the Echo. It is a good paper and that he would like to see it.

MISS CHARLES FREDERICK STANLEY

Saturday Ceremony Unites Miss Fournier, Mr. Stachle

The first of the Catholic Church was the setting for the wedding of Miss Fournier and Mr. Stachle, which took place at 10 o'clock on Saturday, June 25, at the home of the bride's parents, Mr. and Mrs. Charles Frederick Stanley, 1010 N. 10th St., St. Louis.

The bride, Miss Fournier, is the daughter of Mr. and Mrs. Charles Frederick Stanley, 1010 N. 10th St., St. Louis. She is a graduate of the University of Missouri, St. Louis, and is currently employed as a secretary at the same university.

The groom, Mr. Stachle, is the son of Mr. and Mrs. Stachle, 1010 N. 10th St., St. Louis. He is a graduate of the University of Missouri, St. Louis, and is currently employed as a secretary at the same university.

The ceremony was officiated by the Rev. Father Stachle, who is the pastor of the church. He was assisted by the Rev. Father Fournier, who is the pastor of the church.

The wedding party consisted of the bride, groom, bridesmaids, and groomsmen. The reception was held at the home of the bride's parents.

The bride wore a white dress and the groom wore a dark suit. The bridesmaids wore light-colored dresses and the groomsmen wore dark suits.

IT ONLY FEELS LIKE POWER STEERING

(Corvair does it, naturally)

Corvair's ingenious design simply places the engine in the rear. That means less weight on the front wheels and a lighter, happier feeling in the curve of your hands. No power assist steering. It's the naturally unshakable Corvair. This engineering approach can be put to handling an engine, too right in the rear. Anything ordinary or conventional about Corvair? Look at its practically flat floor, four-wheel independent suspension, fold-down rear seat, lean-cooled rear engine that never needs water or antifreeze or radiator repairs... and leaves engine heat and noise back where you've been. All these special advantages are standard in every Corvair. Just wait till you see how much

The Blanchard-Ramirez wedding will be solemnized at 11 a.m. Saturday at Our Lady of the Gulf, port, Mrs. Walter Russo and Mrs. John Clark.

BEAUTY TIPS by Mercedes Spahr

No one in the whole world looks exactly like you. Not even an "identical twin" is just like her sister! So we adapt every new fashion, every hair cut, to your features alone. For instance, if yours is a round face, we avoid a round style, even if you have set your heart on one you saw on somebody else! But we'll show you why just a bit of extra height here, a special curl there gives special interest to your prettiest feature the curve of your lips maybe, or the color of your eyes.

Consider the shape of your face. We do, first last, and always! But professional hair-dresser doesn't stop there. Many things go together to make up the right silhouette for you and that is what a hair style really is, a silhouette that flatters your whole figure! So we also consider your height, your posture, your neck and shoulders. We custom-create a style that doesn't just flatter your face it pleases your profile and looks right from back or sides, makes folks turn to look at you as you walk on the street.

By all means show us a picture! If you have your heart set on a hairstyle you saw in a fashion or movie magazine, don't be haphazard bring it in and show it to us! We'll do our very best to adapt the style for you with a special twist that makes it yours alone. Most important hair fashion in all the world because it does the most for you! Or avail yourself of our most arduous services and leave the style up to us. That's what we professional stylists are here for, to make you the importantly pretty person you ought to be.

Price said the serviceman's foul language persisted at the hospital where he punched one of the nurses trying to treat him in the stomach. The trouble continued while he was being x-rayed and the attending physician, Dr. A. K. Martinovich, ordered sedation for him which he finally was forced to take.

It was about 1 a.m. Sunday before an ambulance and two guards from Kessler arrived to take the man away, Price said.

The defendant is slated for hearing before Justice of Peace Frank A. Selph as soon as he is able on charges of disturbing the peace, using profanity, DWI and threatening an officer.

Walter James Phillips, local attorney, appeared in behalf of residents in Shoreline Estates Subdivision and complained of large amounts of dust from streets. He asked if it were possible to oil the streets. Hubbard said if the residents would buy the oil the county would spread it.

Next regular meeting will be Tuesday because of legal holiday July 4.

SAVING THE CITY'S MONEY - A pipe fabricating plant has been put into operation in city of Bay St. Louis on the north end of the Bay High School lot off Uman Avenue to fabricate concrete culvert pipes for various municipal projects. Mayor John Scalfie estimates it will cost by about 50 per cent. An electric hoist and other equipment is expected to double production shortly.

Bressler Tolls Of Roommate's Fatal Shooting

"Call the police, I've been shot," were the last words spoken by Louis J. Costello, 36, said his roommate Robert Lee Bressler, 29, son of Mr. and Mrs. Thomas E. Bressler, proprietors of Bressler's Restaurant on Main Street.

Costello was shot in the back and killed early Wednesday as he fled from two companions who followed him up the stairway to an apartment shared with Bressler at 929 Royal St., New Orleans. Bressler said after uttering the words Costello collapsed and died at the top of the stairway less than six feet from the apartment door. He had been shot once in the lower left side.

Two short coastless men who had been with Costello in front of the building were seen running from the doorway seconds after the shot was fired.

Bressler told police he was sitting up reading about 3:30 a.m. waiting for Costello to return. "I heard the downstairs lock open and I knew it was Louis," he said. "I got up to unlatch the door and heard the outside door slam violently. It occurred to me that Louis might be trying to slam the door against someone who was trying to follow him into the apartment."

"Then I heard the shot. When I opened the door and looked out, the stairway and hallway was dark and I remembered turning on the light earlier during the night. I switched on the light at

Fire Hazard Cited

A plea for care in burning trash during the extended dry spell was issued this week by Area Forester Marion Parker. Through Tuesday, 11 fires were recorded in June, and four of those were in the last week, Parker reported.

Eight of the fires were in forests, destroying eight acres while the other three, of grass and other varieties, destroyed seven acres. There were two Sunday, one Saturday and one Tuesday. All but one were in the Bay St. Louis area.

Parker said most of the conflagrations have been caused by trash burning and carelessness, with a lighted match or cigarette indiscriminately tossed to the ground all that it needed to start a blaze with everything as dry as it is.

On the top of the stairway and saw Louis standing there. He asked me to call the police and collapsed."

State Is 8th For Postwar Plant Growth

With plant owners and operators in Dixie nearly doubling their expenditures for new plants and equipment during the postwar years, Mississippi captured eighth place in the nation in the rate of increase with 154 per cent.

This represents a substantial advance—from \$22,713,000 in 1947 to \$57,741,000 in 1958. Our 154 per cent gain was more than three times bigger than the national average gain of only 49 per cent.

Besides capturing eighth place nationally in the rate of increase, Mississippi moved up in national rank from 36th to 31st place in actual money spent for new plants and equipment.

Winners Announced

The fair held at St. John's Catholic Church, Lakeshore, last weekend for the benefit of its building fund was termed a big success by the workers.

Winners of the various prizes offered include Herman Johnson, television set; Mrs. Gwen Taconi, silverware; Mrs. Kenneth Favre, silver service; Mrs. Kohlader and Mrs. Yala Thompson, entrance prize.

Army Display Set At Fishing Rodeo

A huge tent, 300 feet in diameter with a capacity of 2500, will be the center of activity for the Gulf Coast Deep Sea Fishing Rodeo this weekend at Gulfport.

Among the displays will be a Nike-Ajax Missile compliments of the Army. Also, a film titled The Pezomonic Army, will be shown on a full-size movie screen which has been erected beneath the tent.

Mayo Clinic Appoints Bay Man as Fellow

A Bay St. Louis man has been appointed to a five-year fellowship in plastic surgery at the Mayo Clinic, Rochester, Minn.

Dr. Donald Levy, 1953 graduate of St. Stanislaus College, left Monday for the Minnesota city with his wife, the former Miss Ann Hubbard, daughter of Mr. and Mrs. R. G. Hubbard Jr. of Waveland.

The young doctor, son of Mrs. Jenn Larsen of the Bay and Leo Levy of New Orleans, was graduated from the school of medicine at Louisiana State University and has been intern at Touros Infirmary in New Orleans.

Mr. and Mrs. Hubbard were hosts at a family barbecue Sunday at their home on Jeff Davis Avenue in compliment to Dr. and Mrs. Levy, giving relatives and friends an opportunity to bid them bon voyage.

Don's Girls Take Lead In League

Battling for the Women's Softball League lead, a fierce struggle was waged Sunday afternoon between Don's Standard Service Station and Our Lady of the Gulf who were tied for the top spot. Don's came out on top 10-3 and now boast a 3-0 record leading OLG and Bankston 2-1, by a full game. Joyce Garcia was the winning pitcher.

In Thursday's games, Bankston's downed A and A 10-3. Winning pitcher was Beatrice Lechner. Our Lady of the Gulf whipped L and N 23-9 with Judy Parre on the mound.

Tonight L and N takes on Bankston in the opener with Our Lady of the Gulf scheduled to battle A and A in the nightcap. Sunday L and N meets A and A at 4:30 p.m.

ALL THE WAY - Team members, husbands and rooters cheer a Don's Service Station player as she speeds around the bases for a homer Sunday afternoon on the softball diamond.

WHERE'S THE BALL? - A girl softball batter appears to be still waiting for the pitch as the catcher prepares to return it to the pitcher.

Mrs. Merritt, Mrs. Walters Win at Golf

Trapani Still Tops But Others Shuffled

Undeclared Trapani remains undisputed softball league champ but other standings were shook up considerably after Monday's games and last Tuesday's rulings on two protested games. Dark horse Coast Electric moved to second place while Bankston vacated the cellar and are tied with Kiln for sixth.

Youth Center moved to fourth with a surprise 10-4 victory over Stieffel Monday night. Short fielder John Perkins won the game in the last inning smashing a homer with one away and a man on first. Winning pitcher was Donald Caldwell.

In the nightcap victory-happy Trapani slashed Youth Center 16-2, scoring eight runs in the first inning. Pitcher John Ladner was credited with the win although relieved after the second by Lucas Pucheu.

Bankston beat Regal 5-4 Friday and Coast Electric downed Carter.

Friday's games between Carter and Regal, KC and Stieffel which had been rescheduled for Tuesday were not played because of lateness of Little League exhibition games and will be played later in the season. Friday's play was called off to avoid conflict with the Miss Bay St. Louis contest.

Last Wednesday the unfinished game between Bankston and Carter was completed, Bankston winning 11-6. Stieffel defeated Kiln 12-8 and Youth Center downed KC 8-3.

A REAL PRO - Little League baseball pitcher Jackie Trapani gave his signal from the catcher just before getting his second strikeout of the last inning of an exhibition game Tuesday on the municipal diamond.

Shoulda Gone Fishin'

BY EDDIE ENGELHORN

Hundreds of weekenders are expected to descend on the Bay St. Louis shoreline for the Fourth of July and fishing room is sure to be at a premium. Watch out for sudden squalls and let's mind our boating manners, also our boating technique. U. S. 90 will probably be literally bumper to bumper with New Orleanians waiting for a weekend on the coast while the Coastians trek another way for a holiday in the city.

Fishing should be fairly good although the hot summer sun is making the water too much in shallow spots. Catches of hard fish have been disappointing so far this season and several reasons for their scarcity have been offered but so far as we are concerned they are rumors and haven't been able to verify any facts.

A visitor from New Orleans, Dick Richardson, fishing off the railroad trestle Sunday, came up with a good size stingaree. He had quite a time getting the polka-dot ray off the hook not to mention explaining to his young son that a blessed event that took place after the fish was caught.

Two of the county's best fishermen, Dr. A. P. Smith and Jerome Carver, got together last week for a short fishing session and doctored up 15 big green trout in Mulatta Bayou out of Jim Kelly's. Doc was called upon to operate on one of the bass before the small hook could be removed. (Scalpel, needle, etc.)

Jack Walters was seen Sunday showing off a beautiful five-pound speckled trout caught off the seawall in front of his dad's home in Waveland.

Ashton Carver, Bernie Pizano's right hand man and best gas tank filler-upper, got some good flounder last week including a fighting three and a half pounder.

Ames Kergosien and Joe Kern got a pile of big ones between two and three pounds at the Keys last week. Didn't go until around 4 p.m.

Speaking of Joe, we talked with his pretty wife Janelle at the Jaycee banquet Monday night at Haverly's. She complained that Joe never tells about the trips she goes on. Guess we can't blame him for trying to keep her under cover. Anyway, Janelle led with a left saying they got 20 last Thursday at Telegraph Key despite a squall in late afternoon using red and white mirror lures and that she had to get five off Joe's hook for him. Joe ducked and countered saying women were a pain to fish with, always wanting a sandwich or a beer or something right in the middle of a good strike. Janelle said they left them biting as they had to go to church.

Municipal School Superintendent Joe McCullough has always said he seldom goes fishing but was seen in Pearl River last weekend by one of our scouts.
